Packaging and contents: 1 box containing 30 coated tablets in 2 blister of 15 tablets each.

Product category: food supplement.

Indications: **B-VITAL *totale*** is based by a multivitamin formulation that includes the entire span of B vitamins in doses balanced between them and, in particular, contains 400 mcg of folic acid, useful to contribute to the growth of maternal tissues during pregnancy. Moreover, Vitamins from group B supports several important organism functions, including the normal energy metabolism (Vitamin B1, B6, B12), the physiological haematopoiesis (Vitamin B9 or folic acid), the normal formation of red blood cells (Vitamin B12), the physiological homocysteine metabolism (Vitamin B6, B9 or folic acid, B12). Vitamins B1, B6 and B12, contribute to normal psychological function and to normal nervous system function.

Recommended dose: 1 tablet per day.

Warnings: Do not exceed the recommended dose per day. **B-VITAL *totale*** is not intended as a substitute for a balanced and varied diet and a healthy lifestyle. Keep out the reach of children under three years.

Storage conditions: store at room temperature (not higher than 25°C); avoid exposure to heat sources, sunlight and contact with water. The expiry date refers to the product unopened, properly stored.

Produced and packaged in the plant of Via Gran Bretagna 1, 21013 Gallarate (VA), Italy on behalf of Pharma Line S.r.l. – Via Bertani, 2 - 20154 Milan, Italy.
