Gluten Free

Packaging and content: pack of 1 vial of 30 ml for oral use with graduated dropper pipette.

Product category: food supplement.

Indications: **B-VITAL *totale*** is constituted by a multivitamin formulation that includes the entire span of B vitamins in doses balanced between them and, in particular, contains folic acid, useful to contribute to the growth of maternal tissues during pregnancy. Moreover, Vitamins from group B supports several important organism functions, including the normal energy metabolism (Vitamin B1, B6, B12), the physiological haematopoiesis (Vitamin B9 or folic acid), the normal formation of red blood cells (Vitamin B12), the physiological homocysteine metabolism (Vitamin B6, B9 or folic acid, B12). Vitamins B1, B6 and B12, contribute to normal psychological function and to normal nervous system function.

Recommended dose: 1.5 ml per day. Dosage is facilitated thanks to the graduated pipette. Shake before use.

Warnings: do not exceed the recommended dose per day. Food supplements are not intended as substitutes for a balanced and varied diet and a healthy lifestyle. Keep out the reach of children under three years old.

Storage conditions: Store at controlled room temperature (15-25 ° C); avoid exposure to localized heat sources, direct sunlight and contact with water. The expiry date refers to the product unopened, properly stored.

Produced and packaged in the structure of via Canova, 2/4 – 20090 Trezzano sul Naviglio (MI), Italy on behalf of Pharma Line S.r.l. – via Antonio Canova, 12 – 20145 Milan, Italy.
