Gluten Free

Packaging and contents: box containing 20 lemon-flavored effervescent tablets in 2 tubes of 10 tablets.

Product category: food supplement.

SINERGEN *minerale*[®] contains mineral salts of magnesium and potassium associated with vitamin C. Magnesium is a cation useful to the balance of the electrolyte and, together with potassium, it supports the neuromuscular functionality; magnesium also helps to counteract fatigue and physical weakness, while potassium ensures the steadiness of a normal blood pressure. Vitamin C helps the energy metabolism. **SINERGEN *minerale***[®] is indicated in cases of lack of magnesium, potassium and vitamin C caused by an insufficient food intake, reduced absorption, increased requirement, or from excessive depletion of body fluids.

Recommended dose: 1 tablet per day dissolved in a glass of water.

Warnings: do not exceed the recommended daily dose. **SINERGEN *minerale***[®] is not intended as a substitute for a balanced and varied diet and a healthy lifestyle. Keep out the reach of children under three years.

Storage conditions: Store at room temperature (up to 25°C). Avoid exposure to localized heat sources, direct sunlight and contact with water. The expiry date refers to the product unopened, properly stored.

Produced and packaged in the plant of Via Berlino, 39 - 24040 Zingonia-Verdellino (BG), Italy
on behalf of **Pharma Line S.r.l. Via Bertani 2 - 20154 Milan, Italy**
